Agenda

Policy as Code

Bicep

GitHub Actions

Demos

Q&A

SWAG

Where to start?

- aka.ms/AzurePolicy
- Visual Studio Code
- AzureCLI (includes Bicep)
- GitHub
- Azure Policy VSCode Extension

Key Takeaways

- Tooling helps
- Don't Repeat Yourself (DRY)
- Reusable code / Modules
- Simplicity over complexity
- Consistent naming
- CI/CD workflows
- Test, Test, Test
- Leverage the community
